

## **Aurora II Radon Reduction**

We are in the business of saving lives. Radon is the leading cause of lung cancer among non-smokers. Radon is a form of radiation that builds up in homes. It comes naturally from the soil. The potential hazard of high levels of radon gas exists in new homes, old homes, one-story homes and two storey homes. All homes, located anywhere in the state , should be tested for radon.

We are licensed by State of Illinois Emergency Management Agency-Division of Nuclear Safety, Insured and Bonded. We have over 15 years of nuclear safety experience.

# Services

Our mission is to provide prompt professional service to all of our customers. We will professionally install a radon mitigation system for your home. We are licensed by the Illinois Emergency Management Agency Division of nuclear safety. Our License number is RNM2007208. We have over 15 years of nuclear safety experience.

## **A typical system has the following components:**

1. Consists of one or more suction point (located under concrete floor in the basement, or under concrete floor in the crawlspace).
2. An electrical fan (located on the back or side of the building).
3. Aluminum Downspout 3 inches by 4 inches (extend 20 inches above highest eave.
4. The Radon Mitigation System fan is designed to produce very minimum amount of noise.
5. All Radon Mitigation Systems are fully guaranteed for 5 years.
6. The applied warranty is transferable to the new owners in the event of sale of the property.
